

BRITISH ATHLETICS

2017 World Para Athletics Championships **14-23 July 2017** **London, UK**

Selection Policy – amended April 2017

Overview

This Selection Policy ("the Policy") outlines the process by which British Athletics will select the British Athletics Team ("the Team") for the 2017 World Para Athletics Championships in London.

This is a once in a lifetime opportunity to further inspire the future generation of British Para-Athletics track and field stars. As such, the strategic aims regarding London 2017 are three-fold:

1. to maximise the team's potential to win medals in London;
2. to maximise the number of British athletes making finals in London; and
3. to maximise the potential for medals in Tokyo 2020 and beyond.

The Policy has therefore been structured to satisfy these aims.

SECTION 1: SELECTION PROCESS

Eligibility

- 1.1. To be considered for selection, athletes must satisfy the following (subject to paragraph 1.2 below):
 - a. Be eligible to compete for GB&NI (i.e. full British passport holder);
 - b. Hold an IPC Athletics Licence, valid for the 2017 calendar year;
 - c. Be 15 years or older as at 31 December 2017;
 - d. The Selection Panel must be confident that athletes aged under 16 at the point of nomination possess the requisite maturity and independence to cope with the demands of a major championships, and that they will be afforded the appropriate care and support during the holding camp/championships, to be considered eligible for selection;

- e. By midnight (BST) on 5 June 2017, hold either an International Paralympic Committee Athletics ("IPC Athletics") "Confirmed" or "Fixed Term Review" (with a review date of 31 December 2017 or later) classification. Any such classification must also be underpinned by a Relevant Diagnosis (as defined in paragraph 1.3 below) which is to the satisfaction of the British Athletics Chief Medical Officer ("the CMO") in accordance with paragraph 1.3. For the avoidance of doubt, these requirements apply to all athletes seeking selection under this Selection Policy, including those with a physical, visual or intellectual impairment;

Note: F40 and F41 athletes must be at least 18 years of age to hold a Confirmed or Fixed Term Review classification. As such, F40 or F41 athletes who turn 18 after the last IPC Athletics classification evaluation opportunity (see <http://www.paralympic.org/athletics/classification/evaluation-opportunities>) will not be considered eligible for selection.

- f. Have achieved at least one Minimum Qualification Standard ("MQS") performance (in accordance with paragraphs 2.1 to 2.13 below) in an event which features on the Tokyo 2020 Paralympic Medal Event Programme – see Appendix 1 of this Selection Policy; and
- g. Attend the British Athletics holding camp (exceptions to this stipulation will only be made at the absolute discretion of the Head Coach). Failure to attend the holding camp (without prior agreement from the Head Coach) will result in the athlete being deselected.
- h. Sign the British Athletics Team Members' Agreement ("TMA") and abide by its terms and conditions. Any athlete failing to do so prior to the first date of competition will result in their selection being withdrawn. The current version of the TMA can be found online at <http://www.britishathletics.org.uk/world-class/2017-selection-policies/>.

- 1.2. Athletes seeking selection for relay events in Round 3 of the selection process (as set out in paragraph 1.12 below) are not required to meet the requirement in paragraph 1.1(f) in order to be considered for selection.

Relevant Diagnosis

- 1.3. The CMO must be satisfied of any medical diagnosis that underpins an athlete's classification (such a diagnosis being a "Relevant Diagnosis") and must be satisfied that the impairment diagnosed causes permanent and verifiable physical, visual or intellectual activity limitation consistent with the athlete's classification. The following provisions shall apply in connection with the CMO's assessment of a Relevant Diagnosis:
 - a. it shall be the responsibility of the athlete to obtain and provide documentary evidence of a Relevant Diagnosis so as to show to the CMO's satisfaction that the impairment causes permanent and verifiable physical, visual or intellectual activity limitation consistent with the athlete's classification;
 - b. the athlete shall comply with all reasonable requests of the CMO for further evidence of the Relevant Diagnosis, and the costs of obtaining such evidence shall be met by British Athletics; and

- c. all documentary evidence submitted in support of a Relevant Diagnosis must be in English, dated and signed by a registered medical professional who provided the diagnosis.

Selection meeting and process

- 1.4 The team will be selected on **6 June 2017**.
- 1.5 The team will be announced on 7 June 2016.
- 1.6 The Selection Panel ("the Panel") for each meeting shall comprise:
 - a. Voting members;
 - i. British Athletics' Paralympic Head Coach; and
 - ii. Event group representatives as nominated by the Head Coach.
 - b. Non-voting members:
 - i. British Athletics' Deputy Performance Director (who will chair the meeting);
 - ii. At least one independent observer;
 - iii. British Athletics' Chief Medical Officer ("the CMO");
 - iv. Statistician;
 - v. Media representative; and
 - vi. Note-takers etc. as required.
- 1.7 The panel will select up to a maximum of 55 athletes.
- 1.8 Athletes will be selected subject to the following maximum numbers of athletes per event:
 - a. 3 athletes per **single classification** medal event; and
 - b. 5 athletes per **combined classification** medal event, which shall include a maximum of 3 athletes **per single classification** within such combined classification event.
- 1.9 In the selection meeting the Panel will select athletes in 4 rounds (outlined in paragraphs 1.10 to 1.13 below).
- 1.10 **Round 1 – 2016 Rio Paralympic Games medallists**
 - a. Subject to paragraphs 1.10(b) and (c), athletes who won a medal at the 2016 Rio Paralympic Games in an individual event will be automatically selected for the same event in which they won a medal in Rio, provided they:
 - i. Have achieved at least one MQS performance (in accordance with paragraphs 2.1 to 2.13 below) in that same event by midnight (BST) on 5 June 2017; and
 - ii. Demonstrate, to the satisfaction of the Panel, current form and fitness as at the date of the selection meeting which indicates their ability to perform to their peak in the relevant event at London 2017.
 - b. Athletes will only be selected in this round 1 for the same event(s) in which they won an individual medal at the 2016 Rio Paralympic Games. Such athletes may be selected for additional events in further rounds as outlined in paragraphs 1.10 to 1.13 below.

- c. Athletes will only be selected in this round 1 provided that the event in which they won a medal in Rio is also included on the Tokyo 2020 Medal Event Programme.

1.11 Round 2 – athletes with IPC Athletics Top 5 world rankings:

- a. Athletes who are ranked in the Top 5 of the IPC Athletics MQS Rankings (subject to paragraphs 2.14 and 2.15) will be automatically selected for that event, provided the maximum number of athletes for the event has not been reached under paragraph 1.8, that the event in question features on the Tokyo 2020 Paralympic Medal Event Programme and they:
 - i. Have achieved at least one MQS performance (in accordance with paragraphs 2.1 to 2.13 below) in that same event by midnight (BST) on 5 June 2017; and
 - ii. Demonstrate, to the satisfaction of the Panel, current form and fitness as at the date of the selection meeting which indicates their ability to perform to their peak in the relevant event at London 2017.

1.12 Round 3 – relays:

- a. All relays have been removed from the Tokyo 2020 medal event programme and as such, British Athletics will no longer be investing in the development of new relay disciplines/teams. Consequently, due to the medal winning performance at the Rio Paralympic Games, the Panel will consider selecting a team in the women's T35-38 relay event only.
- b. The decision to select a team for the above named relay will be based on the classification and impairment profiles of athletes qualified for applicable individual events and provided the following is true:
 - i. The Panel, in its absolute discretion, believes that the athletes to be entered into the relevant relay team have the potential to combine effectively to win a medal in London.
- c. In the event that the Panel chooses to enter a team (pursuant to 1.12 (a) and (b) above), up to a maximum of five athletes will be selected based on the Panel's consideration of a combination of the following criteria, as well as any other factors that may be deemed relevant:
 - i. Current form;
 - ii. Head-to-heads;
 - iii. Previous major competition history;
 - iv. Technical, tactical and physical considerations relating to different combinations of classifications within a relay;
 - v. Injury status;
 - vi. Previous engagement with the British Athletics relay programme(s); and
 - vii. The potential of the athlete to work in combination with other relay team members to win a medal in London.

1.13 Round 4 – all remaining eligible individual athletes:

- a. In the event that the maximum team size and number of places for an event has not been filled pursuant to paragraphs 1.7 and 1.8, athletes will be selected for events that feature on the Tokyo 2020 Medal Event Programme in this round if they have achieved at least one MQS performance (see Appendix 1) in the event for which

they are to be considered and in accordance with paragraphs 2.1 to 2.13 below, and the Panel, in its absolute discretion, believes they:

- i. have realistic potential to win an individual medal in that event in London; or
 - ii. are a developing athlete who is on the pathway towards individual medal success at future World Para Athletics Championships or Paralympic Games.
- b. Where more athletes satisfy the criteria outlined in paragraph 1.13 (i. or ii) above than there are slots available, athletes will be selected based on the Panel's consideration of a combination of the following criteria, as well as any other factors that may be deemed relevant:
- i. Current form;
 - ii. IPC Athletics MQS Rankings;
 - iii. 2016 and 2017 IPC Athletics World Rankings;
 - iv. Number of IPC MQS achieved;
 - v. Future individual medal potential;
 - vi. Head-to-heads;
 - vii. Previous major competition history;
 - viii. The relative strength of an event/class/gender combination at previous World Championships/Paralympic Games;
 - ix. Performance-limiting injury/illness; and
 - x. Performances in Non-IPC sanctioned competitions provided such competitions are listed on the Power of 10 website.

1.14 Selection for additional events

Following the completion of rounds 1 to 4 (paragraphs 1.10 to 1.13 above), the Panel, in their absolute discretion, may select athletes who are already selected for one or more events for an unlimited number of additional events (including additional events that do not feature on the Tokyo 2020 Medal Event Programme), provided that all of the following are satisfied:

- a. The athlete has achieved at least one MQS performance in accordance with paragraphs 2.1 to 2.13 below in the additional event(s);
- b. The athlete is eligible to compete in the additional event(s) under IPC Athletics entry qualification criteria and meets the eligibility criteria set out at paragraph 1.1 above;
- c. The maximum number of athletes for the additional event(s) has not been reached under paragraph 1.8 above;
- d. Doubling up does not exclude another athlete, already selected by the Panel in rounds 1 to 4, from the additional event(s); and
- e. The Panel believes that competing in the additional discipline will not detract from the athlete's performance in their primary event(s) in London (including relays).

1.15 In the event that the Panel selects the maximum number of athletes per event pursuant to paragraph 1.8, they may choose to nominate reserves for any event, provided any such reserve athletes have achieved at least one MQS performance in the event in question in accordance with paragraphs 2.1 and 2.13 below. Reserves will be selected on the basis of the Panel's criteria listed at paragraph 1.12 (c) above, as well as any other factors that may be deemed relevant.

SECTION 2: PERFORMANCE CRITERIA

Minimum Qualification Standards ("MQS")

- 2.1 The MQS are detailed in Appendix 1.
- 2.2 All athletes must achieve MQS performances(s) for the event(s) for which they seek selection between 00:00 (GMT) on 1 January 2016 and midnight on (BST) 5 June 2017.

Performance conditions relating to MQS performances

- 2.3 MQS performances must be achieved at competitions endorsed or recognised by IPC Athletics as at the date of the competition (see <http://www.paralympic.org/calendar> for details of domestic and overseas IPC Athletics endorsed/recognised events).
- 2.4 Domestic, non-disabled competitions are not automatically endorsed or recognised by IPC Athletics for the purposes of achieving MQS performances. Athletes may request IPC Athletics' endorsement (via British Athletics) for specific domestic non-disabled competitions in accordance with paragraph 2.5 below, provided the request satisfies the following:
 - a. The competition is an integrated event – i.e. either disability events take place in the same competition as non-disabled events OR a disabled athlete competes in a non-disabled event directly against non-disabled athletes; and
 - b. The competition for which endorsement is being sought is a UKA Permit Level 2 or higher competition (for further details on UKA competition permits, please check www.britishathletics.org.uk).
- 2.5 Athletes wishing to request IPC Athletics' endorsement of a domestic, non-disabled, event must send requests to Jan Richards at jrichards@britishathletics.org.uk, at least 4 weeks prior to the start of the competition. The final decision as to whether such an event is endorsed shall be at the discretion of the IPC.
- 2.6 Athletes must hold a valid and current IPC Athletics Athlete Licence at the commencement of the competition in which MQS performances are achieved.
- 2.7 Wind-assisted performances (or performances achieved at events where wind measurement was not available/recorded) will not be accepted.
- 2.8 Indoor performances for all field events and all track events of 400m or longer will be accepted.
- 2.9 Hand timed performances in 100m, 200m, 400m & 4x100m will not be accepted.
- 2.10 100m, 200m and 400m performances at altitudes of above 950m will not be accepted.
- 2.11 Performances achieved in mixed events between male and female participants, held completely in a stadium, shall not normally be accepted. Exceptions to this rule may be made for field events or races of 5,000m or longer provided the stipulations outlined in IPC Athletics rule 3.2.5 (including notes) are satisfied. For the avoidance of doubt, where any mixed gender race is conducted so as to allow athletes of one gender to be paced/drafted/assisted by athletes of another gender, the results will not be permissible for qualification/selection purposes. Whether or not a mixed gender race has been conducted in such a way will be determined at the absolute discretion of the Panel.

- 2.12 Field event performances must be achieved using implements with a "minimum" weight, as outlined for each classification (see Appendix 1 of the [IPC Athletics Rules and Regulations](#)).
- 2.13 Multiple performances achieved in the same individual event in a single day will only count as follows:
- a. In track events only the fastest legal result of the day;
 - b. In throwing events only the best performance of the first competition of the day; and
 - c. In horizontal jumps only the best performance of the first competition of the day, unless every mark achieved by the athlete was wind-assisted (or the wind measurement was not available/recorded) in which case a second competition held under non-wind-assisted conditions will count.

World ranking conditions relating to selection

- 2.14 For events in which more than one class is eligible (such as T43/44 100m), the combined IPC Athletics MQS Ranking (based on unadjusted times/distances) will always be used for the purposes of the selection process.
- 2.15 IPC Athletics MQS Rankings will be taken at 10:00 (BST) on 6 June 2017. If the IPC Athletics MQS Rankings are known by the Head Coach to be inaccurate (i.e. missing performances) at this point, British Athletics will manually input any missing results from the data set obtained from IPC Athletics. The data used during the selection policy will be made available for any subsequent appeals.

SECTION 3: GENERAL PROVISIONS

Appeals

- 3.1 Athletes may appeal their non-selection under this Selection Policy, but only after the announcement of the relevant team in accordance with paragraph 1.5 above and only according to the procedure laid out in the "British Athletics Selection Appeals Policy" which can be found on the British Athletics website. Athletes wishing to seek advice regarding the appeals process (including the validity of any procedure itself) are advised to contact the British Athletes Commission (BAC) at www.britishathletes.org.

Amendment

- 3.2 British Athletics reserves the right to amend this Selection Policy at its sole discretion and will make any amended version publicly available (including the date on which any amendment was made) at www.britishathletics.org.uk.

Appendix 1 - Minimum Qualification Standards ("MQS") and Tokyo Medal Event Programme

Men
